Horse Breeding Protocol

Horse Breeding Protocol: Ordering semen, shipping and handling information

Thank you for choosing Versache and Tower Lane Farm for your breeding program.

FROZEN SEMEN

1. Please order your frozen semen at least one week before your mare will need to be bred. Call Honahlee directly to insure timely shipping to meet your needs. Complete the frozen semen order form and fax to (253) 735-6139 and then call to make sure we have received your request. Instructions on using the frozen semen and returning the container will be included with your shipment. Remember unlike cooled transported semen, frozen semen can be shipped in advance of insemination.
2. Download, print and fill out the “Frozen semen order form”.
3. Provide the following information when you order semen:
 - Name on the contract
 - Stallion’s name
 - Mare’s name
 - Address you wish to have the semen shipped to i.e. your home, your veterinarian, etc.
4. Please ship your container back within 7 days when you have used the semen. Since containers are needed for future shipments, we need them return on noted return date. Put an address label on the outside of the container per instructions. Frozen semen containers must only be shipped via Federal Express two-day service.
5. For successful breeding with frozen semen, it is highly recommended that breeding be done as close to ovulation as possible. Insemination at 12 hours prior to and 6 hours following ovulation yields the best results. Two frozen semen breeding doses will be included per shipment. Please refer to the Honahlee’s website for additional information at www.honahleevet.us
6. Please report the results of your mare’s breeding to Tower Lane Farm. A conception information survey will be included in each shipment of semen or mailed to you or your vet a few weeks after breeding. In order for us to continue to improve results with frozen semen it is extremely important for us to obtain accurate fertility data. We appreciate your help in collecting this data.
7. Tower Lane Farm notifies Honahlee directly to authorize the shipment of frozen semen and instructs them on the number of breeding doses to be included in the shipment. Under no circumstances will Honahlee ship semen without authorization from Tower Lane Farm. You are responsible for all related container deposits, handling fees, and shipping charges for the fees listed below. Under no circumstances will Tower Lane Farm ship semen prior to full payment of the stud fee.

8. Frozen Semen Shipping & Handling: Covering (2) frozen doses, tank rental and shipping fees, paid directly to Honahlee in the amount of **\$450 must be paid prior to shipment.**

9. PAYMENT IS ACCEPTED IN ADVANCE WITH VISA OR MASTERCARD

Container Deposit: Included in Handling fee at this time

We must have your credit card number on file prior to shipment.

Handling Fee: \$450 per shipment per mare

Due prior to each shipment. Charged each time you receive a shipment of semen. Tank rental and fee to ship the container back to Honahlee is included in this price. Subsequent rentals will be billed to your credit card before we ship semen.

10. FedEx Shipping:

Honahlee ships all containers FedEx Priority Overnight. The cost for each shipment is included in the handling fee. If the owner provides a fedex# to be billed for shipping, then the handling fee will be reduced to \$185.

11. Return of Shipping Containers:

The return shipping fees are to be paid by the mare owner and are not included in the pre-paid handling fee. Also, be sure that the container is returned to Honahlee within 7 days of arrival or late fees will apply.

Honahlee, PC

14005 SW Tooze Rd

Sherwood, OR 97140

COOLED SEMEN

1. Collection for cooled semen will be done on **MONDAYS, WEDNESDAYS AND THURSDAYS ONLY.** Semen must be ordered by 2:00PM (Pacific Time) of the previous day. Call Northwest Equine Veterinary Associates directly to insure timely shipping to meet your needs at 425-432-1914 and fax 425-432-5306.

2. Provide the following information when you order semen:

- Name on the contract
- Stallion's name
- Mare's name
- Address you wish to have the semen shipped to i.e. your home, your veterinarian, etc.

3. Semen will be processed and shipped in an Equitainer via FedEx next day delivery.

4. Please ship your container back within 4 days of its receiving OR a rental fee of \$25/day will be charged. Since containers are needed for future shipments, we need them return immediately.

5. Please report the results of your mare's breeding to Tower Lane Farm. A conception information survey will be included in each shipment of semen or mailed to you or your vet a few weeks after breeding. We appreciate your help in collecting this data.

6. You are responsible for all related container deposits, handling fees, and shipping charges for the fees listed below. Under no circumstances will Tower Lane Farm ship semen prior to full payment of the stud fee.
7. Cooled Semen Shipping & Handling: Covering semen collection, preparation of (2) doses, tank rental and shipping fees, paid directly to Tower Lane Farm in the amount of \$400 must be paid prior to shipment.
8. PAYMENT IS ACCEPTED IN ADVANCE WITH CHECK OR MONEY ORDER

Container Deposit: Included in Handling fee at this time
Collection & Handling Fee: \$400 per shipment per mare
Due prior to each shipment. Charged each time you receive a shipment of semen before we ship semen.

9. FedEx Shipping:
Northwest Equine ships all containers FedEx next day delivery. The cost for each shipment is included in the handling fee. If the owner provides a fedex# to be billed for shipping, then the handling fee will be reduced to \$50.
10. Return of Shipping Containers:
The return shipping fees are to be paid by the mare owner and are not included in the pre-paid handling fee. Also, be sure that the container is returned to Northwest Equine within 4 days of arrival or late fees will apply.
